## STORMTECH SIZE CHARTS

Men's, Women's and Youth size charts are based on body measurements. These size charts are guidelines only and we highly recommend ordering returnable sizing samples to ensure your clients have been sized correctly.

1. Chest/Bust - Measure total circumference of your chest at the fullest part, just under armpit.
2. Waist - Measure total circumference at the narrowest point around waistline.
3. Hip - Measure total circumference at the widest part of your body below the waistline.
4. Sleeve Length - With your elbow slightly bent, measure from the base of the neck, across your shoulder, to elbow and finish at wrist bone.
